

Dear Wildcats,

On behalf of the entire White Hill staff, we want to wish you and your family a safe, relaxing, and enjoyable holiday season. Please take every moment to savor the time you will have with your kid/s over break. Before we know it we'll all be wondering where the time went.

The last of 2009

High School Musical I and II – Congratulations to the students, parents, and staff associated with HSM I and II. The performances were off the charts wonderful and it is always such a joy to see our kids so proud of their work. Thanks to all our families for their support of the Yes Foundation and their unending support of the arts in our schools. What a difference it makes.

Get Smart – There is still room for kids to sign up for the CAST of "Get Smart". Workshop and auditions start on Monday, January 4th and you can sign up or get more information by going to www.yestheater.org. Questions? Email Susan at AsvcA@aol.com. Payment is not due until January 5th and scholarships are available for those who request one.

School Lunch Survey – Please go to <http://www.surveymonkey.com/s/KY3VDKT> today and take a minute to complete a survey regarding our school lunch program. We are interested in hearing directly from you regarding the program as your input will help us provide the finest lunch program possible. All parents should take the survey – whether you currently get school lunch for your child or not. One survey per family, please. Please note this survey is different from the Revolution Foods survey distributed last week to RF customers. Thanks for going to <http://www.surveymonkey.com/s/KY3VDKT> and giving us your input. You may also reach the survey via <http://www.rossvalleyschools.org/>. We value what you have to say!

Marin County Spelling Bee Champion is a Wildcat! – Congratulations to our very own Giorgio Cico for winning the Marin County Spelling Bee for grades 7 and 8. Giorgio will now move on to the next level and will be sure to represent White Hill with pride. Great job, Giorgio!

Watershed Movie – Interested in taking your kids to a movie that highlights the work of our kids right here in the Ross Valley School District? Please see the attached flyer regarding a movie that speaks to the efforts of the STRAW program – Students And Teachers Restoring A Watershed. Many of the roots of STRAW are right here in our own backyard. Take a look!

H1N1 – Just when you thought you've heard everything about this virus, please see the attached docs for the latest on H1N1.

See you in 2010 and have a fantastic New Year!

Go Wildcats!
