School Description

At Hidden Valley School, we are very proud of the warm camaraderie that exists among our staff and parents, and the strong focus on learning and citizenship that we maintain. Our talented teachers and support staff take great pride in their work and are focused on ensuring that Hidden Valley keeps the focus on our students, providing a program of academic excellence, cultural richness, social, emotional and physical development that educates, supports, challenges and inspires each child. Our phenomenal PTO and YES Foundation continually supports the school to allow combined efforts to provide the quality educational experience all students deserve.

Our school is located in a quiet valley, nestled against open space with gorgeous views of Mt. Tamalpais. Hidden Valley School opened in 1954 and is one of five schools in the Ross Valley School District. Ross Valley School District, in general, and Hidden Valley, in particular, is a community that nurtures and treasures its children. It is because of this that the community is committed to the support of a rich educational experience. Parents, teachers, local businesses and children have all become partners in this mission. This cooperative spirit creates our unique Hidden Valley Family. The welcoming school environment and culture are qualities that our families enjoy.

Our teachers and students are the heart of our school community. We have a school population of about 320 students, TK through fifth grade. The welcoming school environment and culture are qualities about Hidden Valley that our families enjoy. Our education program is supported by 14 regular education teachers, a Resource Specialist and special education staff as well as Music, Art, Library and PE classes.

We encourage parents to become an active participant in the life of Hidden Valley School. There are many ways to become involved in school programs and activities: working with the PTO and its many programs and projects; participating in School Site Council; supporting YES; working as a classroom volunteer; or attending the various community functions.

SCHOOL DESCRIPTION

Hidden Valley School was constructed in 1957 with seven classrooms. As our community grew, additional classrooms were added. In 2000, a new office building and Gym/MPR were built and older classrooms were modernized with upgraded heating and air conditioning, as well as provisions for accessibility, and Internet connectivity. In 2017, utilizing bond money, 3 classrooms were added to our campus, along with a new K-5 play structure, resurfaced blacktop, sidewalks, grading, and landscaping. Sharing our site is a non-profit operated before-and-after school day care.

Our campus is a community-oriented facility - used after hours for childcare and scout meetings. The school fields are shared with San Anselmo Recreation Department so that Hidden Valley facilities can be utilized for community recreational programming. Upkeep of our school grounds and gardens is a shared responsibility between community organizations, parent volunteers and the school district staff. Our Parent Teacher Organization Board aligns yearly goals with our school improvement plan to provide additional support and materials to ensure student success. The PTO actively solicits participation from the community in monthly meetings, our annual fundraiser, the Fun Run and community family events. The school garden is tended by students, teachers, and parent volunteers working closely with staff.

All programs in the Site Plan are based on state content and performance standards. Goals are established annually and made explicit in the objectives and activities in each section of the plan. These goals are supported by professional development at site and district meetings, staff development days, and conferences. The plan supports learning for all students school-wide with additional funding and services provided for special education and English Language Learners.

MISSION STATEMENT

The Hidden Valley mission is to provide comprehensive learning experiences based on best practices:

- where students will develop confidence in their ability to think for themselves, analyze a variety of situations, find creative solutions, and generate a love of learning, and;
- where students will approach the world beyond their immediate community with a sense of respect, wonder and responsibility;
- where students will be challenged to reach their highest learning potential within a rigorous academic context enriched by art instruction.

We prepare our students to be self-motivated, knowledgeable, and caring life-long learners!

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

All Ross Valley School District students have access to high-quality textbooks and instructional materials pursuant to the settlement of Williams vs. the State of California. The Ross Valley School District establishes a committee of teacher leaders for the review and adoption of standards-aligned curriculum materials; recommendations are then made to the board of trustees for approval. During the 2019-20 school year, the district is piloting science curriculum materials for adoption. During the 2018-29 school year, the district adopted TCI History Alive! as our middle school history/social science curriculum. The below table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school (as of January, 2019).

School Facility Conditions and Planned Improvements (Most Recent Year)

The Ross Valley School District passed a \$41 million facility bond in November 2010 to accommodate increased enrollment and replacement and/or repairs at Hidden Valley School and other schools in the district. In summer of 2016, 3 modular classrooms were added to replace the two portables. New playground and basketball courts were added.

Ross Valley School District uses Integrated Pest Management (IPM) strategies and the least toxic method of pest control possible as a means to control unwanted pests. In accordance with AR 3514.2 IPM strategy focuses on long-term prevention or suppression of pest problems through a combination of techniques such as monitoring for pest presence and establishing treatment threshold levels, using non-chemical practices to make the habitat less conducive to pest development, improving sanitation, and employing mechanical and physical controls. Pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property, and the environment are used only after careful monitoring indicates they are needed according to established guidelines and treatment thresholds. (California Education Code §17609; Food and Agricultural Code§ 13181)

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	72	76	78	78	50	50
Math	73	81	70	69	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

Parents and Hidden Valley staff are partners in education. Parent involvement is an integral part of our school community. Parents serve as classroom volunteers, on field trips, chaperone overnight outdoor education, serve in leadership roles, on site and district committees, assist with special projects and offer their many talents and expertise to enrich the educational experience of our students. We invite and encourage parents to take an active role in their child's education and the school community. There are a variety of leadership opportunities for parents at the school level, such as school site council and the parent club. It is our site's goal this year to take a closer look at Equity and how we can be a more inclusive school community.

At the District level, parents can volunteer to be part of the YES Foundation which supports the Visual and Performing Arts and Libraries. Also, the Superintendents Round Table and Superintendents Council meetings held 6 times per year. Other opportunities include the District Wellness Committee, District English Learner Advisory Committee, Citizens Oversight Committee etc.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The Board of Trustees reviews and adopts the Ross Valley School District's School Safety by March 1st each year. The plan is developed in coordination with Marin County emergency agencies such as Marin County Sheriff and Ross Valley Fire. Our plan includes procedures for earthquake, fire, and lock down drills and shelter in place. The school community practices a variety of emergency drills on a scheduled basis. The number of drills is determined by California Education Code. Students are trained to play active roles in these drills. School Administrators and staff attend annual trainings to better prepare the school for unanticipated emergencies. The plan includes procedures for disaster preparedness and response. Our site's emergency plan includes a complete NIMS chart, training includes search and rescue, basic first aid, and student release. Our emergency supply container is checked and re-stocked yearly.

Board policies on suspension and expulsion, procedures to notify teachers of dangerous pupils, sexual harassment, school-wide dress code, procedures of safe ingress and egress of pupils and rules and procedures on school discipline are also components of the plan. The plan may be reviewed in detail at the school site.

The District has installed window film for safety and security at each site. All door locks have been checked and only require a push button to lock and secure each room. All door locks have been checked and only require a push button or simple motion to remove a door block to lock and secure each room. In addition, the telephone system allows each school to call 911 and to contact the District in the event of an emergency. Also, the walkies talkie system has been upgraded for each site to contact the District and all school personnel have walkie talkies to communicate at the site level.

and to contact the District in the event of an emergency. Also, walkies talkies system has been upgraded for each site to contact the District.

Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	3

The focus of professional development for 2019-20 is on creating opportunities for teachers to deepen their understanding of district initiatives while sharing best practices. We kicked off the year with an inservice on Culturally Responsive Teaching as a part of our Equity and Inclusion initiative. Our October professional development day was led by a cadre of teacher leaders who introduced their colleagues to the History-Social Science Standards driving questions and the importance of including the counternarrative in their teaching. Our final professional development day of 2019-20 took the form of a mini-conference in which teachers shared expertise on a variety of topics including Low Floor/High Ceiling Math Tasks, Sensory Integration Techniques, Examining Implicit Bias, and Tier One Strategies for the General Education Teacher. Additionally, we have a cadre of literacy coaches who are in their second year of working with their colleagues in supporting the implementation of Reading and Writing Workshop.

During the 2018-19 school year, teachers received training on Implicit Bias and Compassionate Dialogue as a part of our district Equity Initiative. Teacher leaders facilitated a training on the NGSS Science and Engineering Practice of Modeling and phenomena-based instruction.

The focus of 2017-18 professional development was on the implementation of a new TK-5th grade math program: Bridges in Mathematics.

Types of Services Funded

The Local Control Accountability Plan (LCAP) approved by the Board of Education trustees has provided additional supports at Hidden Valley Elementary School by increasing the support staff as well as a District Curriculum Coordinator, Title II funds supports professional growth and development. State and Federal funds ensure that all students identified with a disability receive a Free and Appropriate Public Education. In addition, the school receives Federal Title III funds to support interventions for students that are English Language Learners.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
