2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Brookside is one of four elementary schools in the Ross Valley School District serving transitional kindergarten through 5th grade students. Our campus is a hub for community activities, as neighboring children and adults use our field, basketball courts, and play structures after school and on weekends. We also work closely with the San Anselmo Recreation Department and our facilities are utilized for community recreational programs. Brookside is a Zero Waste Marin school with an active student Green Team overseeing campus recycling and composting. There is an active student government for 4th-5th grade students and Brookside participates in Safe Routes to Schools. Brookside added a new multipurpose room, outdoor play

structure and playground space in the spring of 2018.

Brookside is located in Marin County of San Anselmo, California. The campus houses transitional kindergarten through 5th grade and a continuum for special education services including a resource program and two special day classes for TK-2nd and 3rd-5th grades. Brookside is committed to providing a program of academic excellence, cultural richness, social emotional, and physical development that educates, supports, challenges and inspires the whole child. We believe every child has the innate ability and desire to learn, and all children need challenge and support to grow to their full potential. We work together as a team to create an environment that enables students to develop a healthy self-worth, understand, respect and celebrate diversity, think critically and creatively, take risks, work in collaboration with peers, and show respect for our environment. Brookside teachers and staff strive to provide students with instruction that is engaging and challenging.

Students are educated in ways that reflect diverse learning styles, individual strengths, interests, and differentiated needs. The utmost challenge and goal is to make learning meaningful and deep while also being accountable for the Common Core Standards. Brookside is committed to helping students develop life-long learning skills and capacities, including but not limited to collaboration, critical thinking, questioning, and information literacy. Social/emotional development is at the heart of our curriculum and daily instruction is infused with culturally responsive educational practices that help our Brookside bears grow socially/emotionally as well as academically.

RVSD RACIAL EQUITY MISSION STATEMENT

The Ross Valley School District is committed to creating a safe, equitable, and inclusive learning environment in which all students feel a sense of belonging, are respected and celebrated for their individual differences, and are empowered to thrive socially, emotionally, and academically. We are equally committed to building the leaders of tomorrow who will combat racism and promote equity throughout their lives.

Ross Valley School District parents, guardians, students, staff, and board trustees, in partnership, will create policies to disrupt systemic racism and prioritize equity in our organizational structures, curriculum, and instructional practices.

We will do this by actively engaging, listening, and responding to the voices and needs of our marginalized students, families, and staff and working to engage in anti-racist actions that build a vibrant, inclusive learning community.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All Ross Valley School District students have access to high-quality textbooks and instructional materials pursuant to the settlement of Williams vs. the State of California. The Ross Valley School District establishes a committee of teacher leaders for the review and adoption of standards-aligned curriculum materials; recommendations are then made to the board of trustees for approval. During the 2022-23 school year, the District is continuing to explore science instructional materials (K-8) and history/social science instructional materials (K-5). The District is also looking at word study programs in K-5. The below table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school (as of January 2023).

School Facility Conditions and Planned Improvements

The total score for the Facility Inspection Tool is 98.54%.

The Ross Valley School District passed a \$41 million facility bond in November 2010 to accommodate increased enrollment and replacement and or repairs at Brookside School and at all other schools in the district. In 2012-2013 the school was outfitted with a new technology lab, updated art room furniture, and 21st century classroom technology and furniture in its two 5th grade classrooms. In the spring of 2014 the district invested in technology infrastructure updates at all campuses in the district to improve speed and internet accessibility. Brookside added 5 new classrooms in the summer of 2014 to accommodate increasing enrollment. Summer of 2017, the multi purpose room and playground were replaced. Back parking lot was reconfigured for safety.

Ross Valley School District uses Integrated Pest Management (IPM) strategies and the least toxic method of pest control possible as a means to control unwanted pests. In accordance with AR 3514.2 IPM strategy focuses on long-term prevention or suppression of pest problems through a combination of techniques such as monitoring for pest presence and establishing treatment threshold levels, using non-chemical practices to make the habitat less conducive to pest development, improving sanitation, and employing mechanical and physical controls. Pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property, and the environment are used only after careful monitoring indicates they are needed according to established guidelines and treatment thresholds(California Education Code §17609; Food and Agricultural Code§ 13181).

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	73	N/A	75	N/A	47
Mathematics (grades 3-8 and 11)	N/A	73	N/A	65	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parents and Brookside staff are partners in education. Parent involvement is an integral part of our school community. Parents serve as classroom volunteers, in leadership roles, on site and district committees, assist with special projects and offer their many talents and expertise to enrich the educational experience of our students. We invite and encourage parents to take an active role in their child's education and the school community. There are a variety of leadership opportunities for parents at the school level, such as school site council, parent club and parent/guardian equity task force. At the District level, parents can volunteer to be part of the YES Foundation which supports the visual and performing arts and libraries. Also, parents contribute as members of the Superintendent's Round Table and Superintendent's Council meetings. Other opportunities include the RVSD Parent/Guardian Equity Task Force, District Wellness Committee and the District English Learner Advisory Committee.

- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

The Board of Trustees reviews and adopts the Ross Valley School District's School Safety by March 1st each year. The plan is developed in coordination with Marin County emergency agencies such as Ross Valley Police and Ross Valley Fire. Our plan includes procedures for earthquake, fire, lock down situations and shelter in place. The school community practices a variety of emergency drills on a scheduled basis. Students are trained to play active roles in these drills. School Administrators and staff attend annual trainings to better prepare the school for unanticipated emergencies. The plan includes procedures for disaster preparedness and response. Our site's emergency plan includes a complete NIMS chart, and the required emergency drills (fire, earthquake, lock down and shelter in place) per year, and emergency training for all staff. Training includes search and rescue, basic first aid, and student release. Our emergency supply container is checked and re-stocked yearly. Board policies on suspension and expulsion, procedures to notify teachers of dangerous pupils, sexual harassment, school-wide dress code, procedures of safe ingress and egress of pupils and rules and procedures on school discipline are also components of the plan. The plan may be reviewed in detail at the school site.

The District has installed window film for safety and security at each site. All door locks have been checked and only require a push button to lock and secure each room. In addition, the telephone system allows each school to call 911 and to contact the District in the event of an emergency. Also, walkies talkies system has been upgraded for each site to contact the district. All door locks have been checked and only require a push button or simple motion to remove a door block to lock and secure each room. In addition, the telephone system allows each school to call 911 and to contact the District in the event of an emergency. Also, the walkie-talkie system has been upgraded for each site to contact the District and all school personnel have walkie talkies to communicate at the site level. We have also developed a School Site Safety plan in response to the Covid-19 pandemic. We have protocols for hand-washing, staggered arrival and dismissal, social distancing, isolating sick students, communication protocols in cases of COVID exposure, mask/face coverings, and movement across campus.

Professional Development

Our professional development plan is designed to support our LCAP goal areas:

- Equity
- Wellness
- Multi-tiered Systems of Support

The Ross Valley School District has three certificated professional development days each year:

August 10th: Elementary teachers spent the day with math coach Fawn Nguyen developing their repertoire of problem-solving games and activities that are accessible to, and engaging for, all students. Our October 11th PD day provided time and support for the myriad of initiatives teachers have taken on this year including the implementation of a new assessment management system, Forefront Education, the development and implementation of grade level Social Justice Book Bundles, English language arts strategy groups, a new word study program, and more work on the problem-solving mathematics from the August PD day. Teachers selected two areas as a focus for the day. Our January PD day had two components, all certificated staff participated in a safety training on incident command and intruder response, and then teachers met at their sites to launch our district Focal Students playbook as a means to increase understanding of culturally responsive teaching and MTSS.

This table displays the number of school days dedicated to staff development and continuous improvement.
